FIFTH THIRD
RIVER BANK RUN

Please support me and Team CLC in the 5/3 River Bank Run on Saturday May 12, 2012

I am participating in the 2012 Fifth Third River Bank Run and collecting pledges on behalf of Conductive Learning Center (CLC).

The Conductive Learning Center works with children who are affected by motor disabilities such as cerebral palsy, spina bifida, traumatic brain injury & other genetic disorders. At CLC, these children, who are often severely limited in their ability to perform basic, everyday activities, acquire the skills necessary to become more independent. They approach each and every day the same way that a runner approaches a big race - setting goals, training, strengthening and conditioning their bodies until they are the best that they can be. **Thank you for showing your support with a pledge to me and Team CLC so that these children can become more independent and successful!**
