

At Conductive Learning Center (CLC), children with cerebral palsy, spina bifida and other motor challenges work hard every day to learn and accomplish tasks that most of us take for granted. Children learn to feed themselves, sit independently, and even take their first steps. Accomplishments that once seemed impossible become possible. **Students are taught to approach each and every day the same way a runner approaches a big race – set goals, train, strengthen, and condition their bodies to become reliable rather than reliant.**

We are excited to once again be an official charity partner for this year’s Fifth Third River Bank Run! Team CLC runners and walkers are collecting financial pledges on behalf of CLC while they train for the 25K, 10K, and 5K events on May 13, 2017. **The money raised by Team CLC will be directed to the Champion a Child Scholarship Fund, enabling more children with motor disorders to “learn their way to independence” at CLC.**

As a sponsor, you will also enjoy the satisfaction of knowing that you are making a real, dramatic, and lasting difference in the life of a child and a family. **Please join with Team CLC in contributing to this scholarship fund by offering your gift of financial support.**
