# A N E V E N I N G O F CELEBRATION

OCTOBER 11, 2016 | WATERMARK COUNTRY CLUB

Change a child's life by helping them  
reach their greatest potential.

Please sponsor *An Evening of Celebration*.

The Conductive Learning Center's *An Evening of Celebration* will be held Tuesday, October 11, 2016 at Watermark Country Club. This fun-filled evening will celebrate the mission of the Conductive Learning Center and includes dinner, libations, a live auction featuring "chance of a lifetime" experiences, and more. Mark your calendar now and come enjoy this inspiring event.

**Mission:** To provide opportunities for preschool and school age children with motor challenges to achieve optimal physical, cognitive, and social independence through the application and promotion of Conductive Education principles.

**Goal:** Our goal is for every student to become confident, active, and self-reliant, moving closer to their life goals and achieving a maximum level of independence. "From the moment we walked through the door our daughter was accepted as a perfect individual capable of achieving everything and anything she ever would want to in life," says Jenny White, parent of CLC student Laney, age 5.

**CLC and AQ:** The Conductive Learning Center (CLC) is a dynamic organization that continues to expand its presence as a leading provider of Conductive Education in North America. CLC was established by Aquinas College (AQ) in 1999 to provide learning and development programs for children with motor challenges. A unique joint collaboration between Aquinas and the International Peto Institute in Budapest, Hungary allowed for the establishment of a program for the training of Conductor Teachers through the Aquinas College, Physically and Otherwise Health Impaired (POHI) teaching program, the only Conductive Education teacher training program in North America to be endorsed by the Peto Institute. CLC serves as the lab school experience for this program.
