

FIFTH THIRD BANK

Where children with motor disorders gain independence and confidence

“AN AMAZING RACE DAY”

Great weather + a great team = an amazing 5/3 Riverbank Run race day for Team CLC! This year CLC was an official charity partner for the event which features the largest 25K road race in the country. Thanks to everyone that ran, walked or contributed to the highly successful fundraising campaign for our "Champion a Child" scholarship fund. We can't thank you enough for your support. Team CLC students, staff, families, and community supporters banded together to help the children at the Conductive Learning Center prepare for their marathon: Life!

This 40th anniversary race was a special event which brought us together with a common mission to raise funds which will help off-set tuition costs and make services more accessible to all children with motor impairments. The students who receive the scholarships will be training for "their race" throughout their participation at CLC by learning

skills to increase their independence in their everyday lives. Each day these children and young adults are learning to improve their social well-being, self-care, communication, and mobility skills. Overcoming the obstacles placed in front of these students with motor impairments would not be possible without the support of our greater "CLC family." Thank you from the bottom of our hearts. CLC is lucky to have such a supportive team!

Team CLC before the big race!

“I’m proud to support the Conductive Learning Center every year at the Fifth Third River Bank Run because they share my passion of inclusion for all... By working to make the world work better for everyone, CLC is helping kids with motor skill issues learn and experience more so they can grow up to have self-determined independent lives”

SPAGHETTI DINNER

The night before race day, family, friends, and runners joined together at the Conductive Learning Center to enjoy a pre-race spaghetti dinner. It was wonderful to gather together with over 60 people to celebrate and support Team CLC in preparation for the 40th Fifth Third River Bank run. The evening was full of friends, laughter, and, of course, pasta!

Team CLC would like to send a big thank you to all those who made this pre-race event possible. Thanks to Olive Garden for providing the food at a discounted rate and Uccello's and Fresh Thyme Market for donating additional items to make the dinner a success. A special thank you to all those families, students, and friends who volunteered their time to help the evening run smoothly. We couldn't have done it without you!

"The 5/3 Riverbank Run provides an excellent opportunity to support the children at the Conductive Learning Center. While a 10k run is a challenging event for someone like me, it pales in comparison to the challenges the students at CLC experience on a daily basis. As most of you know, and people from around the State of Michigan are slowly learning, the CLC is one of the most transformative meaningful programs in existence. I am thankful for the day my parents introduced the CLC to my family."

SPECIAL THANKS:

A very special thanks to Team CLC's committee including: Jill Marewski, Tom Harrold and CLC staff members who put extra time and work into making the event such a success for our program. On behalf of the Conductive Learning Center, we truly appreciate the support and time that you have dedicated to our school.

Team CLC would also like to thank all those who helped fundraise for our "Champion a Child" Scholarship Fund - especially those families and friends who created individual fundraising teams. We are so grateful for your support and are thrilled with the outcome of the event. Thanks for going the distance for Team CLC!
